

We offer MyEclipse for Spring (ME4S) training with the following features and guidelines:

- Training courses are conducted via interactive web conference sessions using GoToMeeting®.
- Each training topic includes planned material and time allotted for Question & Answer.
- The number of attendees who can participate is unlimited (although as the number of attendees increases, the personal time during Q&A for each attendee is reduced proportionally).
- Each training session will be recorded. A recording of each session will be made available after the session for unlimited playback within the purchasing organization.
- All attendees must have a basic understanding of the Spring Framework, be experienced and competent in developing web applications using Java and have a paid subscription to ME4S.

MyEclipse for Spring (ME4S) Curriculum

ME4S Essentials	\$2,000
<p>Duration: Delivered in 2 web sessions, 4 hours each.</p> <p>Participants will learn:</p> <ul style="list-style-type: none"> • ME4S Overview: Walk through the basic core features of MyEclipse for Spring including Bootstrapping, Scaffolding, and Editors. Discuss different installation and environment setups. • Spring MVC Scaffolding Fundamentals: Take a deep dive into the Scaffold Application's generated code and configuration files. • Scaffolding Web Contents Deep Dive: Take a deep dive into the Web Contents generated with Scaffolding. <i>NOTE:</i> Spring MVC is the default topic, but Web Flow, iPhone, Flex, or GWT can be substituted if the trainer is notified 48 hours in advance of the scheduled training. • Spring Editors and Code Assistants: Take a deep dive into the Spring Editors and Code Assistants. • Post-Scaffolding Best Practices: Walk through recommended approaches for building and maintaining Spring applications post-scaffolding. 	

In addition to the core essential curriculum, the following 2 hour courses are offered as add-ons at \$500 each. Purchase and completion of ME4S Essentials is required prior to taking any of these courses.
